

Residential Fire Suppression Systems

(f) Residential Fire Suppression Systems. The minimum permit fee shall be one hundred dollars (\$100.00) for a permit to install fire suppression equipment and piping in a new building or an addition to an existing building or structure, to which shall be added three dollars (\$3.00) for each 100 square feet or fraction thereof of floor area. For buildings of more than one story, the floor area of each story shall be included in the calculation of the total. Breezeways, porches, garages and carports shall also be included. Unfinished basement areas shall not be included unless protected.

(1) Alterations or replacements to existing fire system base fee plus the following:

A. Base fee 25.00

B. Fire suppression system, per head 2.00

C. Fire suppression system other than water base systems, per head 2.00

D. Installation of piping, per 100 lineal feet 5.00

(2) Miscellaneous item(s) at the discretion of the Building Inspector, permit fee not to exceed \$ 150.00.

(Ord. 2009-12. Passed 6-16-09; Ord. 2009-26. Passed 9-15-09.)
